SERIE 600

GENERAL FEATURES

A line of compact cooking appliances, designed for people who do not want to give up on high performance, even in small spaces. Made of AISI 304 18/10 stainless steel, elegantly finished with Scotch Brite satin finish, it has rounded edges and capacious recessed areas; it is 600/650 mm deep and has a modular width of 400/600/700/800/1000 mm; the series comes complete with open base supports, with cupboards or refrigerated bases. The appliances can be easily put together to build a unit, that is compact, without any gaps thanks to a covering profile that guarantees protection against leaks and therefore excellent hygiene. High flues, ergonomic knobs mounted on a sloped control panel for better visibility, make this range easy to use from the very first time. All models are CE-approved.

TECHNICAL DETAILS

EL. RANGES WITH CERAMIC GLASS

ELECTRIC RANGES CERAMIC GLASS 4 ZONES - TOP VERSION

Cookers with glass-ceramic 4 cooking areas that are marked with a round silk-screen print. The energy regulating device allows you to set the temperature and a light indicates whether there is any residual heat on the top. The appliance is fitted with a device that detects the presence of the pan and an operating light. The hob is moulded from a single piece of AISI 304 18/10 stainless steel with Scotch Brite finish.
