

Atollspeed AS 300 T

The Atollspeed is a hybrid oven that combines hot air, impingement and microwave heating. For everyone who'd like to take a bite of the snack-business – this oven is an absolute must!

High quality snacks – up to 10x faster!

The benefits at a glance

TOUCH SCREEN

- Quick and easy to use via touch screen controls
- Favourites list with icons
- 100 programs incl. USB-port for simple data transfer
- Simple operation and quality assurance through process control “Guaranteed cooking results”

POWER EFFICIENCY

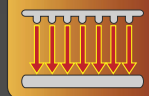

- Excellent insulation – minimal loss of heat
- Operating temperature achieved quickly
- Perfect combination of energy-efficient heating and high-performance microwave

230 VOLT PLUG & COOK

- 230 V connection – can be used anywhere
- No high costs for setting up power connection
- High performance at low cost
- Minimal electricity-use

IMPINGEMENT TECHNOLOGY

- Perfect baking and frying results
- Even, quick browning
- Perfect crust formation
- Sensational speed

STACKABLE

- Two devices are stackable
- Minimal use of space
- Robust design

EASY CLEANING

- Hygiene baking chamber – quick and simple cleaning
- Maintenance-free
- No movable parts in the baking chamber
- Cool down mode

Technical Data	Atoll speed AS 300 T
External dimensions (L x W x H)	570 x 700 x 435 mm
Baking chamber size (L x W x H)	335 x 320 x 170 mm
Baking plate size	295 x 310 mm
Electrical connection	220 – 230 V / 50 Hz
Weight	65 kg
Fuse	16 A
Connected load	3.7 kW
Max. consumption value	3.4 kW

Parameter	Atoll speed
Energy costs	0,2 kW /h
Baking cycles per day	200
Typical baking times	45 s
Overall running time per day	12 h

Analysis	
Warm up time	10 min
Consumption	2.800 W
Costs per day	€ 0,09
Total baking time per day	135 min
Consumption	2.700 W
Costs per day	€ 1,22
Idle time	571 min
Consumption	1.370 W
Costs per day	€ 2,61
Total costs per day	€ 3,92
